Sir,

I have the honour to forward herewith two bills of Mr. R.J. Antony, dated 29-7-1946 who has done certain Automobile repairs for us, to lorry No.Myz.3501. To check up, I have visited his work shop and he has also shown me good testimonials which he has received from one important Government Organisetions and one or two highly placed Government Officers.

2. Lorry No.Myz.3501 was sent to him for servicing etc., on 25-5-46 and was received back on 28-6-46, duly repaired. Of course, there is one point here which I would like to mention. We have been hard pressed for lorries in good running condition and I have looked into the previous history and find that there was justification in sending this lorry for servicing, repairs etc. It is absolutely necessary, in almost all cases to buy spares and so certain amount of spares were purchased for this lorry.

3. At the back of the bill will be found a certificate of the Transport Officer, regarding the controlled rates etc.

4. It is not an easy matter to check every Rupee anna and pie of the controlled rates, because control rate notifications have been issued in great quantities since about 1940 with innumerable correction slips and if by this time one had collected all these particulers, a small library could have been made just as I found in the offices of Motor firms

of repute in Bangalore. My simple scrutiny tells me that the bills are well prepared and the controlled rates appear quite reasonable. I have also compared the labour charges with those of other firms and I do not think that there is anything excessive.

4. I therefore solicit the sanction of Government for payment of the two bills dated 29-7-46 for Rs.269-13-0 for spares and Rs.200/- for the labour side.

I have the honour to be,
Sir
Your most obedient servant.
